

Take it to the limit.

Stunning, beautiful protection for security applications

Finally, a way to provide physical security with an aesthetically-pleasing ornamental fence design. Ultra Defender Spear Top Industrial Series fencing takes security and perimeter fencing to a new level. Spears face outward at a 51-degree angle, making our fence virtually un-climbable. Ultra's Premium grades have a reinforced double-wall rail for added strength.

We push everything to the edge.

We use only the strongest, corrosion-resistant, American-made aluminum alloys, and incorporate more of it in all our rails than most of our competitors. The entire assembly is protected with our Powercoat™ finish, a durable finish that is typically twice as thick as most other types of paints and enamels.

Ultra IS Industrial Series

Incorporates our largest-scale components for industrial strength and safety.

1-5/8" x 1-5/8" Reinforced Rail 1" Pickets

Ultra ISP Industrial Series Premium

Designed for security in higher risk applications.

- Double-Wall ISP Rail
- Additional Strength
- Hidden Fasteners
- Impervious to Insects

1-5/8" x 1-5/8" Reinforced Double-Wall Rail 1" Pickets

Specifications

Standard Sections

are 6' wide x 7', 8', 9', or 10' high. Sections come fully assembled.

Custom widths or heights available

Pickets – 1" square x .062 wall

Spacing Between Pickets –

Standard 3-5/8" and optional 1-1/2"

Fasteners – Stainless steel

Horizontal Rails – 1-5/8" x 1-5/8" with .100 side walls and .070 top walls

Posts – 2-1/2" square x .100 wall; 3" square x .125 wall; 4" square x .125 wall (blanks). All posts include standard caps.

Alloy – High-strength Ultrum™ 6005-T5 alloy, min. strength 35,000 PSI

UAD-100 Spear Top Industrial Series

Gates Available Walk, Drive, Estate, Cantilever

Architecturally Appealing Colors

Ultra Fencing, Railing, Gates and Designer Accessories are available in nine classic colors as well as custom specified hues. All colors are applied with a special Powercoat™ finish to resist harsh weather and heat. Custom colors are available with a modest upcharge.

Colors shown represent an approximate comparison and may vary slightly from actual product color.

Environmentally Responsible

Ultra is proud to use recycled aluminum in our products. Aluminum is the most commonly recycled metal in the world. Our powder coating process is environmentally friendly and virtually pollution-free.
